

# WINTER LUNCHES

Dearest Feathered Friends, it is my great pleasure to introduce you to our Winter offering, and what a feast we have for you. In many ways Winter is the real Spring – a time when the inner things happen, the resurgence of nature. It's an amazing time to be in the warmth of indoors. To grab a seat by the fire and feast and laugh and enjoy God's gifts. To toast and drink to our health and futures with our family and friends. Chef and I have had our usual fun creating these dishes and the season gives us an opportunity to share some of our personal favourites. To start, I love the fabulous rabbit terrine and the pan-fried squid is also delicious. For a true winter treat you have to try The Feathers game pie with a side of curly kale, it is simply divine. If you have room, can I also recommend that you finish by sharing our mouth-watering dessert selection with somebody special...

It's wonderful to see you today... Please enjoy!
